

Rock the Block

Lakeshore
Habitat for Humanity®

Rock the Block is a neighborhood revitalization program organized by Lakeshore Habitat for Humanity in partnership with Holland BPW, the City of Holland, Solid Rock Ministries, and Ottawa Community Action Agency.

During Rock the Block, a block in the Holland/Zeeland area is chosen based on nominations and an evaluation process. The chosen block will receive a Block Party, as well as help with affordable home repairs on September 13. Once a block is chosen, homeowners will submit a work form request and an assessment of needed repairs will be completed.

Rock the Block provides affordable outdoor home repairs. Possible repairs include:

- Accessibility modifications (ramps)
- Yard clean up and landscaping
- Exterior painting
- Roofing
- Siding
- Window and door replacement
- Porch repairs
- Exterior repairs and improvements
- And more!

You will only need to cover the cost of materials; we will partner with you to provide labor on September 13.

If you would like your block to be considered for Rock the Block 2025, please fill out the nomination form and encourage your neighbors to do the same!

A City of Holland block will be chosen based on nominations. Home projects on that block will be completed on September 13.

Scan the QR code to nominate your block and encourage your neighbors to do the same! Nominations will close May 31, 2025

bit.ly/RTB-2025

The block will be chosen based on the scope of the project(s), eligible outdoor work, and the number of homeowners on each block who nominate the block for Rock the Block. The deadline for nominations is May 31st. Decisions will be in July.
